

SOME STATE NEWS
SENT BY THE WIREWHAT HAS BEEN HAPPENING
IN WISCONSIN.

Pioneer Badger Minister Dies at Portage—Charity and Reform Boards Recommendation Regarding Convict Labor—Oshkosh Man's Downfall—Big Sale of Lumber.

Portage, Wis., Feb. 6.—The Rev. William Wells, one of the pioneer Methodist ministers of Wisconsin, died this morning at his home on Adams street, aged 89. Mr. Wells was a native of Warwickshire, England, and was ordained a minister of the Primitive Methodist church. It was in 1850 that he and his son Joseph and daughter Anne came with one of the Potters' Emigration society parties to seek a home in the western wilderness.

Centralia, Wis., Feb. 6.—Mrs. F. Charlier died at the home of her daughter at Grand Rapids, Wis., at the age of eighty years. She was among Wisconsin's early settlers, coming here in the early '40s.

Wautoma, Wis., Feb. 6.—Christian Johnson, an old and respected citizen of Mount Morris, is dead. Mrs. J. W. Page of Wild Rose, died at her home, on Wednesday, of pneumonia.

Baraboo, Wis., Feb. 6.—Mrs. Lydia Shew, one of the pioneers of this place, is dead of pneumonia, aged seventy-seven.

Convict Labor Problem.
Madison, Wis., Feb. 6.—The state conference of charities and corrections at its recent meeting, adopted resolutions setting forth the importance of the question of convict labor, and instructing its committee to investigate the subject and report at the next of the conference which will be held in 1898. The resolution also embodied a suggestion that the matter be brought to the attention of the Governor with the purpose of having a commission appointed by him to investigate and report before the next session of the legislature.

Portrait of Ex-Gov. Upham

Madison, Wis., Feb. 6.—Artist James R. Stuart of Madison, has completed the portrait of ex-Gov. Upham in oil, which will hang with those of his predecessors in the executive chambers of the capitol. Mr. Upham inspected the work while here this week and pronounced it good. The work is ordered by each incoming executive and is paid for from the contingent fund of the governor.

Bonds For Beet sugar Factory.

Black River Falls, Wis., Feb. 6.—The county board, today, by a vote of 17 to 5, passed a resolution to deed E. G. Boynton of La Crosse, his heirs or assigns, or a beet sugar company which he shall designate, 25,000 acres of county land, on condition that a beet sugar factory or refinery be erected at Merrillton to cost at least \$150,000 by January 1, 1898.

Seek Bodie on a Mine.

Marinette, Wis., Feb. 6.—The water in the Mansfield mine, at Crystal Falls, which was inundated by the Michigamme river three years ago, is being pumped out. Next Tuesday, it is thought, the third level will be recovered and the bodies of the twenty-seven miners who lost their lives in the catastrophe, will be recovered.

Down Fall of a Young Man.

Oshkosh, Wis., Feb. 6.—William J. McNabb is in jail charged with forgery and unable to obtain \$500 bail. He wrote the name of W. K. Eideout, president of the National Union bank, to a \$5 check and passed it. About five years ago McNabb did the largest insurance business in the city.

Big Sale of Lumber.

Marinette, Wis., Feb. 6.—Another big lumber sale was completed here today. D. S. Pace & Co. of Chicago, bought of J. P. U. derwood 4,000,000 feet of high grade lumber, which is piled here in the Scobell's yards, the price paid was \$50 300.

DESTROYED THE TOWN.

Australian City Wiped Out by a Hurricane.

Victoria, B. C., Feb. 6.—Port Darwin, a small but important town in South Australia, was almost entirely wiped out by one of the fearful hurricanes which periodically strike the coast of Australia, destroying property and often life.

Luckily in this case no lives were lost, but from the meager reports which had been received in Sydney previous to the sailing of the steamer Warrimo, which has just arrived here, the loss of property must have been large. The telegraphic wires were demoralized by the storm and consequently news from the scene of the disaster is far from full.

The rain and lightning started Monday, Jan. 4, and rain was pouring down on the following Thursday, when the barometer began to fall and the wind to howl. The wind was at its height by Thursday morning and kept it up all day. Among the few dispatches received from Sydney was one from the postmaster, in which the following paragraph appeared: "The town is practically destroyed, all buildings being either heaps of ruins or very badly damaged. The rainfall Monday and Wednesday was 4.39 inches. On Thursday one inch was recorded."

FEUD MAY DRAW BLOOD.

Deadly Affair in Oklahoma—Whole County Stirred Up.

Guthrie, O. T., Feb. 6.—W. E. Lurton, E. Lurton and Charles Moore were surrounded near Stroud, sixty miles east of here, by George Graham, his three sons and four other men Thursday and taken bodily into the Creek county. A feud of long standing has existed between the men, and the abduction was doubtless made with the intention of murdering the Lurtens and Moore in revenge for depredations committed against the captors. The citizens of Chandler, in the Sac and Fox agency, have organized a posse and gone in pursuit.

Full particulars from Lincoln county show that the outlaws who terrorized the Sac and Fox agency did depredations at the town of Stroud, fifteen miles northeast of Chandler, a few hours before. The reports brought in by deputy marshals to the effect that Gen. Thomas, agent at the Sac and Fox agency, was shot, and that three men had been killed, were incorrect. On Monday the Griffiths gang, composed of six members, gathered at the town of Stroud and terrorized the citizens. They ordered everybody inside the house and school closed and locked, declaring that a bloody battle would shortly take place. For two days Stroud was in a state of siege and few people ventured out. Wednesday, while Deputy Jim Furber, Henry Lurton, Everett Lurton and Charles Moore were entering Stroud they were ambushed by the Griffiths gang, eight in number. Twenty shots were fired, but no one was killed.

Four of the Griffiths rode hurriedly away to Sac and Fox, where they caused the excitement already mentioned. The four remaining outlaws then captured the two Lurtens, Furber and Moore, bound them and hurried them away to the Creek country. Two posses of deputies have left Chandler to intercept the Griffiths. A report received says old man Henry Lurton has been lynched and Everett Lurton and Moore shot. At this writing the latter report cannot be confirmed. The whole western country is stirred up.

HANNA LIKELY TO WIN.

Ohio Senatorship Thought to Be in Store for Him.

Washington, Feb. 6.—Notwithstanding the news from Ohio that Gov. Bushnell has determined to appoint Lieut. Gov. Jones to the senatorship, the best-informed members of congress from the buckeye state are loath to believe the governor will refuse to appoint Mr. Hanna. There is naturally a great deal of anxiety about the matter among the Ohio Republicans, for they scent the battle from afar. If it be true that the state organization in Ohio has fully decided to deny the senatorship to Mr. Hanna the members from that state look for a bitter factional war.

The understanding here is that Mr. Hanna could have the senatorship for two years, first by appointment and afterward by election, if he would pledge himself not to be a candidate for the long term beginning two years from next March. But Mr. Hanna has so far declined to give any such pledge. He is willing to take his chances before the people and the legislature.

Rich Marl Deposits in Michigan.

Decatur, Mich., Feb. 6.—For several months a party of Cleveland capitalists have been prospecting in southern Michigan and have discovered along Swan creek, in Branch county, large deposits of what is said to be the finest marl in the United States. Messrs. Stone, Fuller & Co. and others of Cleveland have purchased the land on which these deposits lie and will erect large cement works at Bronson.

Ledochowski is Deposed.

London, Feb. 6.—A dispatch to the Chronicle from Rome asserts that it is probable that Cardinal Ledochowski will be replaced by Cardinal Sartori as Prefect of the Propaganda. It is said that the Pope was annoyed because the former had persistently sustained the German influence at the Vatican, showing himself very hostile to the influence of the French.

Gen. Shelby Critically Ill.

Adrian, Mo., Feb. 6.—The noted confederate general, Joseph Shelby, who is United States marshal for the western district of Missouri, is very critically ill at his farm near here. He was stricken several days ago and a council of physicians was called. His malady is pronounced diph-pneumonia.

Cashier Leaves a Shortage.

Bethlehem, Pa., Feb. 6.—Cashier C. E. Breder of the First National Bank of this city has absconded. Experts have found a shortage of nearly \$15,000. The amount was taken in small sums, showing systematic peculations. Breder has been cashier for twenty years.

Senator Harris May Get Well.

Washington, Feb. 6.—The condition of Senator Harris is more satisfactory and he is comparatively comfortable. There is an absence of the intense pain and delirium. While still very ill, the physicians believe the worst has passed.

World's Fair Report in Congress.

Washington, Feb. 8.—The President Friday sent to congress the complete report of the World's Columbian Exposition commission. The report is extremely voluminous, the typewritten pages filling five large boxes.

URGE THE TREATY
AMONG THEMSELVESTHE SENATE WILL DEBATE IN
SECRET.

Mr. Sherman Has Called for an Executive Session Next Monday—Nicaragua Canal Bill is to Be Dropped by Its Friends—Talk of the Tariff—Washington News.

Washington, Feb. 6.—Senator Sherman, chairman of the senate committee on foreign relations, has given notice that he will ask the senate to go into executive session Monday, immediately after the disposal of the routine morning business, for the purpose of taking up the arbitration treaty.

It is expected that the motion will be antagonized by those who desire to have other measures considered. The motion will conflict directly with the Nicaragua canal bill, and, with that measure out of the way, with the bankruptcy, the Pacific railroad commission and the Hawaiian cable bills, the friends of each of these measures being very anxious to secure recognition. There is no general opposition to debating the treaty at this time, even on the part of those who oppose its ratification on its own account; but even some of those who are disposed to support it are inclined to waver, because it will, if taken up, displace other measures in which they are interested.

While the silver senators deny that as such they are opposing the treaty, the fact has leaked out that at the meeting last Saturday Senator Daniel raised the point that in case the United States should adopt the free coinage of silver England would have a claim under the treaty for the difference between the value of principal and interest of American debts held in England under the new system with a double standard, and under the old or present system with a single standard.

It was suggested that if this question should become the subject of arbitration it would lead to many complications, and while the senator did not contend that such would be the case, he argued that the possibility was one which deserved serious consideration.

Senator Aldrich and other friends of the Nicaragua canal bill have had conferences with Speaker Reed and other house leaders regarding the possibility of the bill being brought up in the house in case it should pass the senate. The result has been that the bill will be abandoned in the senate Monday and the bankruptcy bill brought forward. The friends of the Nicaragua bill, while in a majority, doubt if the senate can be brought to a vote, but they know the futility of their efforts unless there is some assurance that the bill will receive consideration in the house. The conference convinced the senators that the Nicaragua bill will not receive consideration in the house, and they decided that it was better to withdraw it.

HIGHER THAN M'KINLEY RATES.

Heavy Tariff to Be Placed on Wood and Wood Manufactures.

Washington, Feb. 6.—The Republican members of the ways and means committee devoted their attention Friday to the schedule of wood and manufactures of wood and decided to restore the McKinley rates practically in full, with the important exception of white pine. Pine was dutiable at \$2 under the law of 1883, but when the McKinley bill was framed the rate was reduced to \$1, and in the new bill it will pay twice the rates of the McKinley act.

The Wilson act placed lumber and nearly all forms of wood on the free list. Under the revised McKinley schedule timber, squared or sided, will pay 1/4 cent a cubic foot; sawed boards, planks, deals and other lumber of hemlock, whitewood, sycamore and basswood, \$1 per 1,000 feet, board measure, and other sawed lumber, \$2 per 1,000 feet. Lumber, planed or finished, will pay 50 cents per 1,000 feet in addition for each side planed or finished and 50 cents more per 1,000 feet when tongued and grooved.

Immigration Bill Amended.

Washington, Feb. 6.—The conference on the immigration bill, which was re-committed to them, reached a second agreement Friday. The requirements in the first report that immigrants shall read "the English language or the language of their native or resident country" is changed so as to require them only to read "the English language or some other language." This section was also amended so as to admit the illiterate wives and minor children of immigrants who are otherwise qualified and capable.

Senator Lodge, manager of the bill on the part of the senate, says that he thinks it will now pass without any serious opposition.

Will Go to Washington in Style.

Springfield, Ill., Feb. 6.—The governor and his staff will go to Washington in the private car of the president of the Baltimore & Ohio and some Pullman sleepers. The party will leave Feb. 27 at 10:15 a. m.

National Air for United States.

Washington, Feb. 6.—Senator McMillan on Friday introduced, by request, a bill declaring "The Star Spangled Banner" to be the national song of the United States.

THE TRADE REVIEW
BY DUN & COMPANY

HOPEFUL SIGNS IN THE BUSINESS WORLD.

Indications All Along the Line that Trade is Slowly Reviving—European Investors Again Seeking American Securities—The Failures of the Week Show Decrease.

New York, Feb. 6.—R. G. Dun & Co.'s weekly review of trade says: "No important change in business appears, but the number of manufacturing establishments starting much exceeds the number of those stopping during the week and so much that the curtailment of working time in many cotton mills probably does not lessen the aggregate productive force or amount of wages paid. There is distinct increase in orders for woolen goods, some gain in the silk manufacture, a waiting condition with gain in one branch of boots and shoes, and indications of better things coming in the iron and steel manufacture. All symptoms are favorable in the money market and a large sale of securities in connection with the Northern Pacific and Oregon Navigation interests to European purchasers will put off still further the possibility of gold exports. It is also cheering evidence of confidence among European investors.

To many it is the most perplexing feature of current events that wheat does not rise much, though it has advanced 1 3-4 cents for the week. Atlantic exports have been only 1,696,046 bushels, flour included, against 1,965,456 for the same week last year, while western receipts have been only 1,468,170 bushels, against 2,800,407 last year. The condition of the market is not explained by any special confirmation, but current prices show that no great confidence is felt in the estimates of supplies available for the rest of the year.

Cotton fell 7 1/4 cents, after the agreement to close Fall River and other print cloth works became known, but recovered the quotation of a week ago, 7.31. Sales of wool have been smaller than in other recent weeks, and yet are far in excess of the consumption of all mills for a week, if all were fully employed. There has been only a slight stiffening in prices, but more foreign wool will be taken and stored, it is believed, if western holders continue to demand higher prices. More important than these indications is a little better demand for heavy weight goods, which has led some of the smaller mills to buy wool more freely and thus enable a number to start operations.

Prices of Bessemer pig and gray forge at Pittsburgh have slightly advanced, with a much more hopeful feeling, notwithstanding the comparative narrowness of the demand for finished products, and in plates and wire nails there is much more business, with good prospects. Bars were quoted at the lowest price ever known at Philadelphia, without much improvement in the demand, and steel rails are still inactive and unchanged in price, the railroads waiting for a decline corresponding to the fall in billets. But on the whole the demand for iron and steel products is slowly gaining, and a considerable proportion of the works is fully employed, though the gain is not yet enough for those who have taken large stocks of material or products on speculation.

Failures for the week have been 311 in the United States, against 323 last year, and 63 in Canada, against 67 last year.

BIC BANK IS WRECKED.

Shortage of \$180,000 Found in a Montana Institution.

Great Falls, Mont., Feb. 6.—The Northwestern National Bank, one of the oldest institutions in the state, posted a notice announcing its suspension Friday. The board of directors and officers charge that the trouble is due to a defalcation on the part of Cashier Benton D. Hatcher, of \$180,000. The comptroller of the currency has wired Louis G. Phelps to take temporary charge of the bank pending the arrival of the bank examiner. The assets of the institution are given out by the directors as \$750,000, liabilities about an equal amount.

The charges made by the board of directors are of a sensational character. It is believed here, however, that in the wrecking of the bank more than Cashier Hatcher are implicated. This section was also amended so as to admit the illiterate wives and minor children of immigrants who are otherwise qualified and capable. Senator Lodge, manager of the bill on the part of the senate, says that he thinks it will now pass without any serious opposition.

Gift to the President and Olney.

Washington, Feb. 6.—Senor Andrade, accompanied by Secretary Olney, called on President Cleveland Friday bearing a testimonial from the governor and the people of the State of Zulia, Venezuela, in recognition of the good offices of the President and Secretary Olney in the matter of the boundary dispute. The testimonial consisted of a rosette composed of 172 samples of rare woods from the forests of Zulia and a cane made of 125 pieces of these roots.

Olney Offered a Chair in Harvard.

Washington, Feb. 6.—Secretary Olney has received from President Eliot of Harvard University an invitation to fill the chair of international law at that institution after the expiration of his term of office in the state department. The secretary has taken the offer under consideration.

POPE HAS ANOTHER ATTACK.

Said to Have Been Discovered Unconscious.

London, Feb. 6.—Despite the statement of Dr. Lapponi to the contrary, the Daily News correspondent in Rome

is informed that the pope was on Friday found lying on the back of a chair. He was unconscious when discovered, and was only restored to consciousness by inhaling ether. The attack is the past two years, and it is attributed to increasing cerebral anaemia.

TROUBLE IN CRETE.

Christians Killed by Mohammedan Soldiers—Houses Burned.

Canca, Island of Crete, Feb. 6.—There was firing in the streets here for several hours Thursday. Several Turkish soldiers were wounded. Endeavors were made to establish military cordons around the Christian and Musselman quarters.

The trouble originated in the unfounded report that the Musselmans had killed twenty-seven Christian sentinels in Akrostri. When the reports were received the vali ordered the troops to proceed to the defense of the Christians.

Three-fourths of the Christian quarters in the city have been burned to the ground, according to late advices received from the Island of Crete. The Christians, while trying to escape to the warships, were attacked by the Musselmans population, and many were killed and injured. The total number of victims as a result of the recent fighting is estimated at 300.

FASHION NOTES.

Suitable Colors For the Middle Aged.

Flower Trimmings.

Women who are no longer young and who do not wish to attempt to appear more juvenile than they are usually adopt pansy, violet and dahlia shades in broche silks, brocades and velvets for both day and evening wear. Sable, white lace, russet guipure and renaissance embroideries are the preferred trimmings. Younger women who are yet not very young wear a great deal of green, which is becoming to the complexion and combines well with gold and other metallic ornamentation, lace and fur.

For fancy ball costumes Russian national attire will be greatly favored for all ages and both sexes. Costumes not only of the court, but of different Russian provinces, rustic and otherwise, are sought after and must be to local color. Russian jewelry, peculiarly barbaric and effective as it is, will be in great demand for these costumes.

Flower trimmed ball gowns are among the very prettiest and most becoming of young women. The skirt is of far less consequence than the bodice where flowers are concerned, but nothing in the way of costumes is more charming than a decolletage bordered with violets, rosebuds or

GIRL'S COAT.

other small flowers, which rest against the uncovered neck and shoulders. It is rather a juvenile style and requires a slender figure.

There are both thick and thin ball gowns now worn. The first are of plain or broche satin, moire, ottoman, damask, striped and flowered silks. Moire is particularly fancied this season, and there are all varieties, plain, antique, broche, flowered and dotted. The broche satins and damasks have large flower patterns thrown on a ground broken by ribbons. On a satin ground the ribbons are moire; on a moire ground they are satin.

The picture shows a pretty coat for a little girl 10 years old. It is of dark blue velvet, gathered at the shoulders and waist, the fullness being held by large steel buttons. Two bands of mouflon form a V in front, one band continuing obliquely to the foot of the mantle. The bands are carried down the back to the waist, like bretelles, and are fastened there by steel buttons. The full sleeves have fur cuffs. The hat of blue felt is trimmed with blue and white striped ribbon and black plumes.

Sparagus Kidney Pills are
on the Tidal Wave of
Popularity in
Janesville.

The Sale of Them Continues Enormous
and Unprecedented.

SALES INCREASING DAILY

Retail Druggists Scarcely Able to Keep
Enough of Them in Stock.

The retail drug trade of this city re-
port the demand for Dr. Hobbs Spar-
agus Kidney Pills as being simply
enormous. Not only is this demand
large in Janesville but it applies as
well to all towns surrounding us.
Everywhere Dr. Hobbs Sparagus
Pills seem to be in general demand.

The medical fraternity look on with
wonder at the cures daily made by
this remedy. A physician was re-
cently overheard to say, "I have
never in my life had faith in any-
thing advertised as a medicine until
recently, but I must confess that I
easily do believe that Dr. Hobbs
Sparagus Kidney Pills are a remedy
of great worth. I got a sample box
of these those pills and used them in
my practice. Several of my patients
have been taking them and have ex-
perienced a great change for the
better.

The physician who made this re-
mark had little idea that it would
ever appear in print. At all events
he deserves great credit for his frank
and honest confession.

Any physician who is honest should
prescribe for his patients that which
will do the most good.

A Miracle. A Remarkable Cure Of
Dropsy After Five Years Of Agony

29 Fonda St., Williamsport, Pa.,
March 7, 1896.

Hobbs Remedy Co., Chicago:

Gentlemen—Some five years ago my
wife, Mrs. Charles H. Hall, now 55
years of age, was taken with dropsy
and heart trouble, growing worse
from month to month. Two years
ago she was so sick that she was com-
pelled to stop work of every kind.
The best physicians in this city were
seured, but she grew worse so rapidly
and her heart so bad, that a year
ago they said nothing more could be
done for her, as death was liable to
come at any time.

At this time she measured ten feet
around the waist, and weighed over
300 pounds. Owing to her heart
trouble, the doctors would not tap her,
only to keep her from bursting. These
operations did no good, as they failed
to get a drop of water from her, claim-
ing that it was in sacks all over her
body, and they couldn't reach it. For
four months she could neither lie down
or walk. The longest sleep she had
during that time was twenty-five min-
utes. The smallest cracker would dis-
tress her so that she could hardly
breathe, yet she dare not take stimu-
lants. Her suffering was so terrible
that she prayed day and night for
death to relieve her from her mis-
eries.

Her kidneys did not act more than
one gill in 48 hours, and then thick-
with brick dust. Her bowels could
only be moved under the most wrench-
ing powerful cathartics prescribed by
the physician. About this time I saw
an advertisement of Dr. Hobbs Spar-
agus Kidney Pills in the Williamsport
Sun. I determined to try a box. My
wife objected to my spending any more
money on her as she felt that she was
past all help. However she began
taking them at once. The fourth day
they began to do their work, when
she passed two gallons of water in 24
hours. I then got some of Dr. Hobbs
Little Liver Pills and they did their
work equally as well. After using
eight boxes of Dr. Hobbs Spar-
agus Kidney Pills she is reduced to her
normal weight of about 145 pounds.
She has a good appetite and is doing
her own work. People who know how
near she was to death's door pronounced
her case nothing less than a
miracle.

She is certainly a living monument
to the inestimable worth of Dr. Hobbs
Sparagus Kidney Pills and Little Liver
Pills. I am thankful to God and your
valuable medicines that my poor suf-
fering wife can live and be comforted
after the terrible ordeal she has
passed through during the past five
years. If you wish an affidavit of
these facts I am willing to give it.

Yours truly,

CHARLES H. HALL.

THIS DAY IN HISTORY.

1665—Princess Anne and later Queen Anne, daughter of James II, born; died 1714.

1778—France officially acknowledged independence of United States and promised an alliance, a decisive event in the Revolution. Soon after the Declaration of Independence Benjamin Franklin, Arthur Lee and Silas Deane had been sent as commissioners to the continental courts. No recognition was accorded them until after the defeat of Burgoyne, at Saratoga, in October, 1777. This decisive battle gave confidence to the court, and Louis XVI, influenced by Marie Antoinette, a hearty ally of the Revolutionists, resolved to make common cause with the Americans. Previous to the treaties of alliance and of amity and commerce signed on this date the French government had secretly encouraged the colonies in their war for freedom by furnishing them arms and stores, without which successful war would have been impossible. Lafayette had already offered his sword, and soon after the treaty a French fleet from Toulon arrived in the Delaware. In the siege of Yorktown French ships took part; also 7,000 French soldiers.

1804—General Jacob Ammen, a prominent Union veteran, died at Yorkland, O.; born 1806.

1808—General John Gibbon, U. S. A., retired, died in Baltimore; born 1823.

Harry Howard, a well known New York engineer and chief of the old volunteer fire department, died in New York city; born 1825.

Charles Wachsmuth, the world's greatest paleontologist in crinoids, died at Burlington, Ia.; born 1830.

WHO GETS THOSE 40,000 VOTES?

The fact that two of the leading political almanacs of the country agree within 40,000 on the vote cast for president, shows how dangerous the idea of a popular vote for president would be. A final difference of 40,000 after two months of counting and verification shows that doubtful states are not countable with the exactness that would be absolutely necessary in a close contest. Under such a system the suspense connected with the returns would be intolerable to the business world and a nuisance in general.

Even with the existing electoral system the variations in close states may be extremely troublesome at some future day. Governors of states can perform a public service now by locating the errors that have made their way into the general table. The fault to some extent must be with state secretaries, for the best statistical annuals rely upon them for official figures.

Pluralities in presidential elections of 600,000 are very rare, and one of our presidents was chosen by a majority of one electoral vote. An exact count should be provided for in states that have somehow failed to handle figures intelligibly on this occasion.

A BIG SHORTAGE.

The fact that the revenues of the government fell \$6,000,000 below the expenditures last month brings the total deficit for the last seven months up to \$44,000,000.

It is a rather portentous fact that the shortage in this fiscal year is much more than twice as great as it was last year, when it amounted to \$19,000,000 for the seven months ending with January. At the present rate of shrinkage the deficit will pass beyond the \$70,000,000 mark by the end of the year, June 30. This will beat all records, the highest figure previously touched, that for the twelve months ending with June, 1894, being slightly under \$70,000,000. The necessity for ending this discreditable state of things and for bringing the government's income up to its outgo as soon as this can be done becomes more urgent as time passes.

Congressman De Armonds semi-humorous attack upon Secretary Morton was bad enough, but when he accused the secretary of "triangularities" he crossed the limit by making the longest word, aside from technical terms, ever seen in English.

Ex-Secretary Tracy says he believes the Monroe doctrine to be the best peace document ever issued, and for that reason he favors the proposed amendment to the arbitration treaty, which prevents the Monroe doctrine being submitted to arbitration.

If an implied recognition of the Monroe doctrine be the corner stone of the arbitration treaty, as claimed by Secretary Olney's friends, why should secretary Olney object to the specific recognition made by the amendments of the treaty?

It would seem in view of the limited number of them that the so-called populist leaders might agree, but they do not; do even upon free coinage.

The Texas legislator who has introduced a bill to prevent the sale of firearms in the state, is open to suspicion

of being interested in pushing the immediate sale of fire arms in the state, by frightening everybody into buying a supply while they can.

Senator Peffer will find no magazine editor willing to give space to his financial ramblings after the third of next month, notwithstanding his having been recently paid for an article of that nature.

If England objects to the amendments to the arbitration treaty, it will be good evidence that the original treaty concealed trickery.

It is evident from the members already selected that brains are to be a marked feature of President McKinley's cabinet.

No one suspected Mr. Cleveland of being a humorist, except unintentionally, until very recently.

MR. WHEELER SPOKE
AGAINST THE BILLJANESEVILLE ASSEMBLYMAN IN
A DEBATE.

Opposed Plan to Have Jurors Summoned by Registered Letter Sent by the Court Clerk, Saying Sheriff Should be Placed on a Salary—Madison Gossip.

Madison, Feb. 6.—Assemblyman William G. Wheeler, of Janesville, took part in a spirited debate, yesterday, in which O. L. Rosenkrans of Oconomowoc, and D. F. Jones of Sparta, opposed him.

The assembly judiciary committee reported favorably on Friday the bill relative to the manner of drawing jurors, providing that they may be summoned by mail instead of by personal service by the sheriff, the object being to save the fees of the sheriff. A minority of the committee, including Mr. Wheeler, dissented from the report. Mr. Wheeler was upon his feet in the min to the order was reached with a motion to refer the bill to the committee on state affairs. He was opposed to the measure because it proposed an entire change in an old and well established law. He thought that if the sheriffs were making too much money the counties could place them upon a salary and abolish fees. He did not believe that the plan of drawing jurors by sending letters would accomplish the end sought.

Mr. Rosenkrans' Defense.

Mr. Rosenkrans defended his bill. He said that it is the duty of the legislature to cut down expenses wherever economy is possible. The times are hard and the people are looking to the legislature for relief and want unnecessary expenditures done away with. "The pieces of official pie," said Mr. Rosenkrans, "should be pared down to the crust. It is a difficult thing to put sheriffs on salaries. They have their friends and many county boards do just about as they say. The office of sheriff in our county is better than that of governor of the state so far as economy is concerned. The sheriffs of the several counties reap a rich harvest by charging mileage in the drawing of jurors. It is time to call a halt all along the line and this is the proper place to begin."

Jones Jails Them "Robbers."

Mr. Wheeler again took the floor in support of his motion for a reference to the State Affairs committee. He said he took the stand not from the point of view of the sheriffs, but as the proposed law will tend to lessen the efficiency of the courts.

A short but pointed argument in favor of the bill was made by D. F. Jones, who said that it was eminently proper and should pass. "Sheriffs," he said, "are the great legalized robbers of the state of Wisconsin, and it is not necessary to waste any sympathy upon them." This sentiment was heartily applauded by the legislators, and Mr. Wheeler's motion to refer to the Committee on State Affairs was defeated, and the bill ordered engrossed and read a third time.

There will be fewer bills introduced at the present session of the legislature than during any one of the several preceding sessions, if as now seems certain, the resolution passed cutting off new business, Feb. 10 is adhered to.

More Anti-Pass Talk.

Mr. Hall has revived his anti-pass agitation during the week, in the form of a joint resolution for a constitutional amendment which would prohibit the issue not only of railroad passes, but express, telegraph and telephone franks as well, to any public officer, or person elected or appointed to office in this state. It is the general belief that it will not pass.

There is a feeling among several of those who are inclined to favor the abolition of passes that Mr. Hall

took advantage of the good nature of the last republican state convention in getting his anti-pass resolution through after the work of the convention had been done and a large share of the delegates had left the hall, and those who were left were so relieved at the end of the struggle that they were ready to do almost anything that was asked, and in this light they represent Mr. Hall's claim that he has secured the pledge of the party to enact his pet measure into law.

Mr. Hall Called a Crank

Then too Mr. Hall has earned the reputation of being a crank in his opposition to the railroads, and his projects in that direction consequently do not carry the weight they would in the hands of another man of his ability. So, while there is little doubt that a majority of the assembly believe that passes should be abolished, at least in the form of coming as favors, it is extremely doubtful whether any action to that end is taken at this session.

Another move toward an investigation of the affairs of the state university was made this week, through a resolution offered by Mr. Buffington in the assembly for an appointment of a committee to thoroughly examine and sift the figures to be reported by the regents showing the expenses of the institution, number and salaries of professors, instructors and other employees, hours of instruction each gives, etc. This resolution came up Friday, but on motion of Mr. Rutherford was laid over until next week.

CRAZY MAN TRIES
TO RUN THE JAILSHERIFF ACHESON WRESTLES
WITH A MANIAC.

Finally Downed the Insane Caller Who Came to See Him, and Locked Him Up—Doctors Say His Mind is Disordered—Had a Forty Dollar Check.

Sheriff Acheson had a hard battle last evening, with a raving maniac, who gives the name of Gus Waile.

Before the sheriff could get Waile under control he was obliged to choke him into submission, and then lock him in a cell by himself.

The struggle took place at 7:15 o'clock last evening in the jail office. Sheriff and Mrs. Acheson had but finished their evening meal when a rap was heard at the side door.

Turnkey Samuel Brown being out of town the sheriff answered the call. On opening the door he was confronted by a man of some thirty years of medium height and muscular build. "I want to see Sheriff Acheson" the man said at the same time forcing himself into the room.

Waile Got Violent

"I want to see him now that I may let him know that at the hotel they have been treating me shamefully" Waile continued.

Sheriff Acheson at once saw that the man was crazy. He was invited into the office which invitation he accepted before the sheriff had finished his sentence.

During their conversation Waile grew violent and Sheriff Acheson then made the attempt to lock him in a cell.

A general scuffle followed, and when the men fell the sheriff had the advantage, and Waile was choked until he gave up. He was then searched, and a forty dollar check on a local bank was found upon him, with a few trinkets.

He continually talks of Rockford as his home; but it is said that he is a farm hand, living near La Prairie. Dr. J. B. Whiting examined the man at the jail this morning, and says that he is suffering with a mental disorder, so an effort will be made to have him removed to Mendota.

HIS Vision Restored.

Mr. and Mrs. H. J. Benham returned on Monday from Janesville, where they have been for the past two weeks. Mr. Benham's many friends will be glad to hear that the treatment of his eye by Dr. McPherson proved very successful, and that he will once more enjoy the blessing of being able to see.—From the Jefferson County Union.

More Apples.

We have received another car of New York apples. They are as choice as any we have had this season and include Greenings, Baldwins, Spitzenbergs and russets. Apples are advancing in price and it will pay you to take advantage of the stock we now offer you C. A. Sanborn & Co.

MUNYON TALKS ON DYSPEPSIA

How To Cure Yourself

In all forms of stomach trouble Munyon's Dyspepsia Cure will promptly cure where there are such symptoms as pain or soreness in the stomach, flatulence, indigestion, loss of appetite and fullness in the stomach, shortness of breath, poor appetite, coated tongue, sour or bitter rancid taste, the stomach, heartburn, wind on the stomach, constipation, dizziness, faintness and lost energy.

When these symptoms are associated with biliousness, yellow complexion, nausea, bitter taste in the mouth and sallow skin, take Munyon's Liver Cure in alternation with the dyspepsia Cure, an hour apart. Where there is obstinate constipation keep the bowels open once a day by using Munyon's Constipation Cure until they become regular under the effect of the Dyspepsia Cure. When there are troublesome heartburn symptoms alternate Munyon's Heart Cure with the Dyspepsia Cure. If there is great nervousness or inability to sleep, alternate Munyon's Nerve Cure with the dyspepsia Cure. If the blood is too thin in quality alternate Munyon's Blood Cure and Dyspepsia Cure. By this plan of treatment you can eradicate the worst forms of stomach troubles and their complications, and make the cure permanent.

A specific or each disease. Sold by all drug-stores, mostly for 25 cents a bottle.

Personal letters to Prof. Munyon, 1505 Arch street, Philadelphia, Pa., answered with free medical advice for any disease.

This Is Your Opportunity.
On receipt of ten cents, cash on stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate the great merits of the remedy.

ELY BROTHERS,
56 Warren St., New York City

Rev. John Reid Jr., of Great Falls, Mont. recommended Ely's Catarrh to me. I can speak of its great merit. "It is a positive cure for catarrh if used as directed" — Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

Ely's Cream Balm is the acknowledged cure for catarrh and contains no mercury nor any injurious drug. Price 50 cents.

Age Changes All Things.
Now you must stay home with me to-night and let your club go for once.

Husband—Oh, I am not going to the club; thought I would go down to see your friend, Mr. Goodjude, who asked me once if you were my daughter.

Wife—All right, dear, give him my love.—Up-to-Date.

A Warning.

"I think, Sambo," said Swellton, addressing his colored valet, and glancing at his box of cigars, "I think you'd better swear off."

"Swear off wh-uh-what, sah?"

"Smoking, Sambo; smoking. If you don't you'll get the tobacco heart or the marble heart, sure!"—N. Y. World.

Strange Enough.

Mrs. Tamblin (tearfully) — They brought my husband home in a hack from the banquet last night. How did yours get home?

Mrs. Sanderson—I don't know, but I suspect that he was carried along by his breath.—Cleveland Leader.

Diplomacy.

"I want to see the lady of the house," said the wandering gentleman.

"I am she," answered the lady.

"Indeed? You look so perfectly happy and independent that I hope you will excuse me for taking you for the hired girl!"—Indianapolis Journal.

On the Bridge.

It is hardly to be expected in this midwinter month of February

But nevertheless it is so, that every pleasant afternoon our store is full of ladies, drawn by the great quantities of new and beautiful Dry Goods, and by the reasonable prices that are marked on everything. The prices are so low on these select new goods that all appreciate the fact that there is always a saving to them. We are prepared to surprise you with our

Good Things in Dry Goods

and any warm afternoon you happen down town, join the pleasant crowd you will find in our bright and comfortable store rooms.

Advance Sale Dress Goods.

This early in the season we have received many new Spring Dress Goods in a great variety of new colorings and mixtures. You must see them to appreciate them.
